PERSONAL PROJECTS

Calgary-Skies: Sunset-focused weather app using OpenWeather, Google Maps, and Flickr APIs for weather, bench locations, and Calgary skyline photos.

Be-More: Quote and Advice Generator using ChatGPT API, designed to resemble a portable computer with CSS. Built with React and ExpressJS.

ConcertFYI: Multi-page app using React, Express, and PostgreSQL to track users' favorite artists' concerts, setlists, and venues, using multiple APIs.

Space Musketeers: Space Musketeers is a Space Invaders clone done with HTML, CSS and Vanilla JavaScript but with a new story, characters and looks.

CERTIFICATIONS

- Introduction to User Experience Design from **Georgia Institue of Tecnology**
- Consumer Behavior and Marketing Management from **ESPM**
- Financial Controls & Entrepreneurship Seminar from **SEBRAE**
- Financial Management from **Praxis Business**

EMPLOYMENT HISTORY

- **Development Analyst at Golden Cloud Tech (Feb/2024 - Jun/2024):** Contributed to the development of LineconsigIT, a responsive web solution for payroll loans. Utilized Angular, Tailwind, Sass, Java, Spring Boot, and PostgreSQL, ensuring data responsiveness and security.
- **Finance Manager at Saltos & Sapatos (Nov/2017 - Sep/2018):** Provided financial guidance, developed investment strategies, and tailored strategies to the company's needs, maintaining strong relationships with clients and suppliers.
- **Business Manager at Sonho dos Pés (Apr/2009 - Oct/2017):** Supervised all store operations, led teams, managed inventory, and drove business growth through effective sales strategies.
- **Marketing Intern at Camed Health Insurance (Nov/2007 - Jul/2008):** Developed and executed marketing campaigns, analyzed data to evaluate effectiveness, and provided general support for marketing initiatives in the health insurance sector.
- **Sales and Marketing Intern at TV Diário (May/2006 - Nov/2006):** Supported advertising sales and marketing teams, participating in promotional activities, campaigns, and market research, providing valuable insights into the media and advertising industry.

VOLUNTEER WORK

I volunteered with various organizations to help those in need. This involved working with needy children at [Vila-Mar Project](#) in Brazil and participating in food distribution efforts through [Feeding the Hungry](#) in Hawaii. I also worked with children to promote individual improvement and created artwork for youth events at different church ministries in Brazil.
