PROJECTS & EXPERIENCES

ConcertFYI
ConcertFYI is a multi-page app using React, Express, & PostgreSQL that tracks favorite artists' concerts, setlists, locations, and venues with APIs of Setlist, Ticketmaster, and Google Maps.

Be-More
Be-More is a Quote and Advice Generator that uses ChatGPT's API to answer questions. It was designed to look like a portable computer using CSS. Built with React for front-end and ExpressJS for back-end.

Bill Jumps
A re-creation of a popular offline game found in Chrome, "Bill Jumps" utilizes Bill to jump over chairs by pressing the space key. This project was constructed using HTML, CSS, and JS.

EMPLOYMENT HISTORY

Saltos & Sapatos
Financial Adviser| Nov 2017 – Sep 2018
Analyzed sales and finances to plan for growth, identified weak trends, managed finances, and handled client budgets.

Sonho dos Pés
Business Manager | Apr 2009 – Oct 2017
Led store to success by identifying sales opportunities and increasing customer retention through maintaining a clean and attractive environment.
